Title: An Angel's Song

Author:

I have seen the face of
an angel, and heard
her sing, my heart is
now taut like a string,
she has me now, and
forever more, the
woman , that I truly
adore, from far far I
have come to see, the
seraphim who is
beckoning me, and
knowing now, that I
am at heavens gate, I
feel that I can no
longer wait, and hopes
of hopes, long for love,
she is sent from God
Above, so let it be
know through all of
Britannia, that my
true love was
discoverd, here in this
castle, I be her
worthy Vassel, I love
you my heavenly
saint, My Queen,
my Reina, who
though makes me
faint... and heart is
yours forever more,
beautiful blue eyed
warrior whom I adore.
